WHEN WE INNOVATE, 
THE CAR IS NOT 
TOP OF MIND

We admit it. You fascinate us. We think and talk about you all day. Everything about your life – its ups and downs, joys and disappointments, needs, demands, frustrations and hopes – captivates us.

So when we innovate, every detail – from service design right down to the smallest screw – has to justify itself to you. Does it add anything? Is it useful?

We know you always want to feel in control. Our IntelliSafe technologies not only help to save lives, but also give you more enjoyment behind the wheel.

We know you want to stay connected to the world around you. Our Sensus solutions ensure you are.

We also know you care about the future of the planet. That’s why our Drive-E technologies allow you to drive sustainably – without compromising on performance.

And we know you’re interested in self-driving cars. Each day we take pioneering steps in our quest to deliver a safe and relaxing autonomous driving experience. The same goes for fully electrified powertrains. And even smarter services.

We happily walk the extra mile to give you what you want.

At Volvo, everything we do is designed around you.

You are why we innovate.
Life is about the experience. Making the most of every moment. The moments of calm. The moments of freedom. The moments of confidence. Creating memories that will last forever.

With versatility, intuitive technology and engaged dynamics, the V60 is the car with which you will share life’s little – and big – moments. A car that is the ultimate lifestyle enabler.
With smart versatility, intuitive technology and exciting dynamics, the V60 is a new generation of Volvo. A car that allows you to live the life you want.

Defined by pure, elegant lines and an athletic character, it’s a car that projects confidence. The spacious interior is a place where everyone travels in comfort, and where refined details create a sense of contemporary luxury. The nearly square load compartment offers class-leading capacity and accommodates almost anything you need to bring.

From the moment you settle into the driver’s seat, the V60 is set up for driving pleasure. It has a dynamic driving character that inspires confidence, with an advanced lightweight chassis that provides exceptional balance and control. The V60 is as comfortable on the highway and in the city as it is engaging and capable on your favorite roads.

Elegant, sporty, versatile: the V60 does more than simply fit into your active life. This is a car that will help make every moment count.
GO FURTHER
Your adventure awaits

A car to take on more than the everyday, the V60 Cross Country is a true all-road vehicle. In bad weather, on rough roads and when conditions get tough, you can rely on it.

Elegant and refined, the V60 Cross Country tells the world what it can do and where it can take you. Clean, taut lines and rugged details create a powerful look that conveys a strong sense of capability – with practicality built in.

The V60 Cross Country is packed with innovative technology that has one purpose: to make your life easier; and one principle: it must be easy to use.

No matter what’s going on outside, the V60 Cross Country is a sanctuary inside. The spacious, light-filled cabin is made from the finest materials and constructed with the care and attention provided by Swedish craftsmanship. Designed to make every experience an adventure, it is a place where you can relax in comfort, where technology enhances your journey.

“No matter what’s going on outside, the V60 Cross Country is a sanctuary inside.”

READ MORE AT VOLVOCARS.COM/US
Visible strength. Combining the elegance of our new design language with Cross Country ruggedness has created a car that’s sophisticated, tough and practical. Its large wheels and increased ground clearance give you confidence on any road. The front and rear skid plates blend seamlessly into the bumper for an elegant and rugged look. Bold lines, the raked rear window and the tall LED tail lights, with their slender vertical shape, are both contemporary and classically Volvo.
DESIGNED FOR YOU

Sit in the driver’s seat of the V60 and you are in a place that has been designed for driving pleasure. The clean and uncluttered layout combines form and function. Details, such as the diamond pattern on the control knobs and the tailored dashboard, create a sense of purpose and of refinement.

The front seats are shaped to complement the human form, so they are exceptionally supportive and have a wide range of adjustment. In the rear, generous legroom and the same levels of seat support mean everyone will be comfortable.

The standard Panoramic Moonroof floods the cabin with light. It’s tinted to reduce glare and has a powered sunshade. With 4-zone climate control, both front and outer rear seat occupants can select their ideal temperature, while our CleanZone technology filters incoming air to help remove dust, pollen, particulates and odors.
The distinctive air vents have controls with a metallic finish and a diamond pattern on the knobs. Metal Mesh Aluminium Inlays on the dashboard create a technical, contemporary look that complements the driver-focused cabin.

A tailored dashboard in the R-Design with contrasting stitching creates a luxurious, sophisticated look.

The Metal Mesh Aluminium decor is a modern and luxurious design touch, perfectly complementing the stainless steel speaker panels of the Bowers & Wilkins audio system.
THE LUXURY OF VERSATILITY

The thoughtfully designed interior of the V60 helps you do what you want to do, combining smart versatility with dynamic elegance.

The load compartment is nearly square, without any intrusion from the rear suspension, resulting in a space that easily accommodates bulky and awkwardly shaped objects so you can make the most of the class-leading luggage capacity. The powered tailgate allows you to open or close it using a button on the car’s remote, dashboard or the tailgate itself. And it’s available with a hands-free function that allows you to open and close it simply by moving your foot under the rear bumper. Clever details make every day easier. A bag holder that flips up out of the floor of the load compartment stops shopping bags from sliding around, while a hidden storage compartment allows you to keep valuables out of sight.
The V60 is a car that will inspire you to drive. A car with a dynamic character. One that will heighten your senses and bring enjoyment to your driving. Fluent and perfectly balanced, it’s capable of delivering both refined, long-distance comfort and an exciting drive.

The chassis in the V60 combines double wishbone front suspension and a unique integrally linked rear axle. It means that every input you make is matched with a precise and sharp reaction, while still ensuring a comfortable ride.

Active chassis technology allows you to customize the way the V60 rides and handles, and the three adaptive drive modes let you tailor your driving experience further by altering the engine, transmission, accelerator and steering responses. Or you can create your own bespoke setup with Individual mode. However you configure it, the V60 is the perfect partner, whatever the journey.

The advanced engineering in the V60 delivers pure, dynamic driving pleasure. With a double-wishbone front suspension similar to that found in sports cars, the V60 provides you with more precision and control more of the time.
ALL-ROAD CAPABILITY

Any road, any weather

In the V60 Cross Country, the limits of your adventure don’t have to be defined by the limits of your car. Our sophisticated fifth-generation All-Wheel-Drive system keeps the V60 Cross Country moving when roads get rough or conditions deteriorate. It automatically sends the right amount of power to the wheels that need it the most, so when the road runs out you can keep going. With its increased ground clearance and large wheels, this car has the capability to take you wherever you want to go. Descending steep hills is made straightforward with Hill Descent Control, which carefully applies the brakes to keep the car from moving too quickly or sliding.

You can tailor the way the V60 Cross Country behaves off-road by selecting Off-Road mode from the Drive Mode menu. It makes the car easier to drive on difficult surfaces such as wet grass, mud and loose gravel by changing the way the engine delivers its power and recalibrating the car’s drivetrain so you have more control at slower speeds. On uneven ground, the active chassis comes into its own, taking bumps and ruts in its stride. When the road becomes a challenge and the weather becomes unpredictable, the V60 Cross Country gets you where you want to go. In comfort and style.

READ MORE AT VOLVOCARS.COM/US
Our range-topping plug-in hybrid, the T8 Polestar Engineered, is the epitome of real driving satisfaction. A Polestar Optimized powertrain provides a combined 415 hp and 494 lb/ft of torque, which combines with e-AWD to provide instant acceleration and impressive agility. This means you get all the benefits of electrification with the performance of a powerful internal combustion engine.

And for those who enjoy taking the long way home, the V60 T8 Polestar Engineered adds lightweight forged wheels, high-performance Brembo brakes and a stiffer, lowered chassis with Öhlins dampers. All fine-tuned by the performance experts at Polestar, they create an inspired, dynamic and intuitive driving experience.

Because it was designed to use a hybrid powertrain, the T8 e-AWD Plug-In Hybrid has the same space and capacity as other V60 models, so it’s just as practical. Charging is quick and easy – you simply plug it into the grid supply.

Four drive modes allow you to change the car’s character to suit the road ahead and even your mood. Pure provides electric-only power that will be enough to cover the average daily commute of many people. Switch to Power mode and the turbocharged, supercharged gas engine and powerful electric motor work together to give you an instant response when you accelerate. An AWD mode sends power to all four wheels to help create extra traction in slippery conditions. And in default Hybrid mode, the T8 e-AWD Plug-In Hybrid chooses between the gas engine, electric motor or a combination of the two, to keep you moving as smoothly and efficiently as possible.
Wherever you’re headed, our powerful and refined gas powertrains make the driving experience a real pleasure. The T5 engine balances responsiveness with efficiency, with turbocharging providing a high level of performance.

The compact and lightweight engines reduce weight over the front wheels, helping to improve agility and the way the car responds to your driving inputs. And because smaller engines lose less energy through friction, you’ll find them more efficient – every drop of fuel works harder and helps minimize emissions and consumption.

On the Cross Country, the T5 AWD powertrain benefits from the addition of all-wheel drive, which can increase traction and grip when acceleration—helping in slippery conditions or when towing, for example.

All of our powertrains are complemented by adaptive drive modes, allowing you to alter the way the V60 drives to suit the road ahead. Eco mode, for example, recalibrates the powertrain for the lowest possible fuel consumption and emissions, while Dynamic sharpens response times, reacting faster to your commands.

And as the V60 comes with our 8-speed Geartronic™ automatic transmission, you will experience smooth, responsive gear changes. Opt for the R-Design trim and you can add unique paddle shifters, for easy and exact gear shifting.
Pilot Assist helps to reduce some of the effort required at higher speeds (up to 80 mph) or in stop-and-go traffic, so journeys are more enjoyable. It keeps the V60 at a set speed and distance from the vehicle in front, and uses steering inputs to help keep you in the center of your lane. This means that even in the most monotonous driving situations, such as on long highway journeys, your car helps take some of the strain and keeps you focused on the drive.

It does this using a combination of information from both a camera and a radar unit integrated into the V60’s windshield, which the car uses to monitor its position relative to visible lane markings and the vehicle in front of you (if there is one).

Pilot Assist is connected to the drive modes of the V60, so in Eco mode there is the possibility of improved fuel efficiency, while if you opt for Dynamic, it will quicken the response to the speed of the vehicle in front.

This is our approach to technology – designed to make every journey you take safer and more relaxing.

Please note: The driver is always responsible for how the car is controlled; these are only supportive functions.
CITY SAFETY TECHNOLOGY

Your proactive partner on the road

Our advanced proactive safety technology helps you feel confident and in control. At the heart of this technology is City Safety. By helping you to keep a lookout and brake or steer away for you if necessary, it makes driving more enjoyable while helping to prevent accidents.

City Safety can identify other vehicles, pedestrians, cyclists and large animals ahead of you, even at night. It warns you if needed and can brake automatically to help avoid a collision or reduce impact. Our advanced Oncoming Mitigation by Braking technology – a Volvo Cars safety world first – can detect if there’s another vehicle driving towards you and brakes automatically to mitigate the impact.

Your Volvo can also support if you’re forced into a rapid evasive action at speeds between 31 and 62 mph. As you begin to steer away, City Safety can help you do it as effectively and safely as possible by braking the inner wheels individually and reinforcing your steering input.

City Safety is simply your perfect copilot: proactive when it’s needed, and staying discreet in the background the rest of the time.

Oncoming Mitigation by Braking

A Volvo Cars safety world first, this innovation can detect vehicles heading towards you on the wrong side of the road. If collision can’t be avoided, it can brake your car automatically in order to help reduce the effect of a collision.

Oncoming Lane Mitigation

If you drift across the lane markings and into the path of an oncoming vehicle, your car can alert you and gently help steer you back into the correct path. This system does this using automatic steering assistance, helping you to avoid collisions with oncoming vehicles.

Run-off Road Mitigation

Stay safely on the road with this Volvo Cars safety innovation. If Run-off Road Mitigation detects you’re about to leave the road unintentionally, it can provide steering input and, if necessary, brake support to help guide you back on track.

Lane Keeping Aid

The Lane Keeping Aid can gently help steer your car back into its lane if it senses you are about to inadvertently cross into a different lane. If this is not enough or if you keep steering across the lane markings, you’ll be alerted with vibrations in the steering wheel.

BLIS™

BLIS™ uses radar sensors at the rear of the car to monitor your surroundings, and can detect if vehicles have entered your blind spot or are approaching fast from behind. If you pull out into the path of an approaching vehicle it can also help alert you.

Driver Alert Control

If you are getting drowsy or inattentive at the wheel, Driver Alert Control can alert you and suggest a break. With Sensus Navigation, it can even guide you to a nearby and convenient location for a rest stop.

Please note: The driver is always responsible for how the car is controlled; these are only supportive functions.

INTELLISAFE
Perfect parking, every time

Every journey you will ever make begins and ends with the parking experience, which is why Volvo Cars has invested a lot of thought into developing solutions that make parking easier and help save you time. Your V60 can help find you a parking space, and even park itself.

If you want to take control of parking yourself, then the 360˚ camera and Park Assist sensors help you to park safely and easily. The 360˚ SurroundView Camera is there to help you with its bird’s-eye view of your surroundings, shown on the center display.

And for even simpler, safer parking, Park Assist Pilot is like having someone park your car for you. It will tell you if a space is big enough and then takes over the steering for the parking maneuver. It can park in a space just 1.2 times the length of your Volvo – all you need to do is accelerate and brake according to the prompts on the driver display.

Then, when you leave a parking space, Cross Traffic Alert helps you to avoid a collision when you reverse out. It warns you of vehicles, pedestrians and cyclists approaching from either side and can even brake for you if it detects an imminent collision.

360˚ SurroundView Camera
Our 360˚ SurroundView Camera provides you with a helpful bird’s-eye view of the surroundings via a 9” Sensus Touchscreen display in the cabin, so you’ll be able to park simply and safely, with 100 percent visibility of what’s around you.
PROTECTING WHAT’S MOST IMPORTANT

Protecting you and your passengers has always been at the heart of every car we make, and the advanced safety features in your Volvo are the result of decades of passionate innovation.

In a Volvo, it’s the interaction between all the safety features that determines how efficiently the car will protect you in a collision. Everything, from the design of the seats to the surrounding safety cage and the seat belts and airbags, works together to help minimize the strain on all occupants and maximize protection.

The front seats not only provide world-class comfort, they are also designed to protect you in the event of an impact. Our unique whiplash injury protection helps protect your back and neck if your car is hit from behind. And in a run-off road scenario, the energy-absorbing front seat structure will help protect your spine in a hard landing, should the car become airborne.

Your Volvo can even sense and prepare for impact. The prepared front seat belts tighten automatically if the car detects that a collision is likely, to ensure you’re in the safest position should one occur. And, in the event of an accident, your Volvo can automatically contact emergency services and communicate the car’s location so that you can get help as quickly as possible.

It’s this range of safety technologies and attention to detail that makes your Volvo a safe place to be.
We set out to make living with your Volvo easier and more enjoyable. To do that, we understood that Sensus – Volvo Car’s name for the advanced technology that connects you to your car and the world around you – should have a natural, human feel.

Our 9” Sensus Touchscreen allows you to intuitively control the functions of your Volvo and stay connected. The touchscreen surface is so responsive that you can operate it wearing gloves. It also has an anti-reflective coating to help reduce glare, so it’s always easy to see what’s on the screen.

One of Volvo Car’s guiding principles is to make it easy for you to interact with your Volvo without being distracted. As a result, we put essential information right in front of the driver by using a Digital Driver Display in the instrument panel. This high-resolution screen showcases key information for the driver and can vary the size and shape of the readouts it shows, depending on how you are using your car. For example, if you are using the navigation system, the display for that becomes enlarged, so you can focus on your directions more easily. The driver display also adapts its brightness according to exterior light sources such as bright sunshine or the lower light conditions of tunnels.

An optional Graphical Head-Up Display also projects information onto the windshield so it’s closer to your eyes – another way of reducing any potential for distraction.

And with Voice Control, you can access many functions of the V60, while keeping your hands on the steering wheel and your eyes on the road at all times. As it uses natural speech patterns, you don’t need to learn specific commands – you can just talk to your Volvo as if you were talking to another person.
Intuitive technology in the V60 helps get you where you need to go quickly and easily. The clear graphics of Sensus Navigation are easy to read, while the portrait format of the center display means maps scroll less and are able to show more of the road that you are travelling on.

Our innovations also save you time by helping you to find what you’re looking for, with built-in apps such as Google Search and Yelp. Find a gas station, a restaurant or a hotel and then use Sensus Navigation to take you there.

The V60 keeps you connected with your digital world with an onboard Wi-Fi hotspot and 4G connectivity. And connecting your phone to the car is as easy as plugging it in – Apple CarPlay® or Android Auto® will do the rest, turning the center display into an extension of your phone’s screen.
Immerse yourself in the clarity and detail of your favorite music in the V60. By working with some of the world’s finest audio makers, we’ve created an in-car experience that takes you closer to the music you love.

The V60 was designed with exceptional audio performance in mind. Audio systems from Bowers & Wilkins and Harman/Kardon® ensure superb reproduction, every time. The advanced technology of the range-topping Bowers & Wilkins package uses 15 speakers to deliver peerless 1100-watt performance, highlighted by the unique “open air” subwoofer, with its rich, resonant bass notes. This system also uses unique technology developed together with the Swedish audio software specialists Dirac Research that can change the in-car acoustics to resemble a performance space — one of which is the Gothenburg Concert Hall — for a more lifelike sound.

Harman/Kardon® Premium Sound is our other high-level sound experience. It uses 14 speakers to surround you with music and delivers 600 watts of sound via a 12-channel amplifier. The Dirac Unison tuning software also automatically adjusts the intensity of the sound so that, when you are listening to different recordings or sources, you don’t have to turn up the volume yourself.

And with seamless smartphone integration, enjoying music on your device is as easy as making a call, thanks to Apple CarPlay® and Android Auto®, while the Spotify® app grants you immediate in-car access to all the music you’ll ever want.

Apple CarPlay® is a trademark of Apple Inc.
Android is a trademark of Google Inc.
Bowers & Wilkins is a trademark of B&W Group, Ltd.
Bowers & Wilkins audio. Experience class-leading audio with the Bowers & Wilkins system. Seamless integration with the cabin architecture of the V60 delivers realistic, immersive sound, highlighted by its unique tweeter-on-top center speaker that minimizes acoustic reflection from the windshield.

We developed Harman/Kardon® Premium Sound together with the hi-fi specialists at Harman/Kardon®. Powered by a 600W digital amplifier, the 14 speakers are tailored to the acoustics inside your Volvo and deliver a powerful, high-fidelity surround sound. A unique sound processing software by audio specialists Dirac Research optimizes the response of each individual speaker as well as the speakers all together to ensure they perform in perfect harmony. So wherever you’re seated in the front or rear seats, you can enjoy a seamless, first-class listening experience in all conditions and — not least — an extremely unified and tight bass sound.
The Volvo On Call app connects your car with the rest of your world, helping make life less complicated. It's there when you need it, so your car becomes more than just a means of travel—it's your personal assistant.

You can use it to make your car ready for the drive to the office, or the drive home, by using remote start to heat or cool the cabin. It can even accept packages on your behalf. You can sync your Volvo On Call app with your calendar, so if you've got appointments it will tell you where they are and how to get there. And it keeps you safe, automatically contacting emergency services if you're involved in an accident and telling them where you are.

**YOUR DAY MADE EASIER WITH VOLVO ON CALL**

From saving you time in the morning to helping you relax on the way home, Volvo On Call becomes an indispensable part of your daily routine.

**THE PERFECT START**

When you get into the car in the morning, it's warm and defrosted, thanks to the Volvo On Call app's remote start function.

**FIND YOUR CAR**

You've forgotten where you parked, so you use the car locator map to find the street and then use the flash lights function to pinpoint the car.

**REMOTE CONTROL COMFORT**

You set the remote start function to automatically warm the car interior so it's ready for when you leave the office.

**WHERE TO NEXT?**

A calendar card shows your next meeting. You push a button in the app, sending the address to the car's navigation system.

**DEVELOPES TO YOUR CAR**

The shoes you ordered yesterday using In-Car Delivery are delivered to the trunk of your Volvo. You get a notification that your order has been delivered to your car.

**READY FOR A NEW DAY**

A notification reminds you that you've got a meeting in the morning. You send the location to the Sensus Navigation system so you are ready to go in the morning.

**WI-FI ON THE GO**

You head for home. Using the Wi-Fi hotspot, you can stream music via your phone to the car's audio system.
YOUR JOURNEY BEGINS HERE

We created the new V60 with one single purpose: to provide you with a car that perfectly fits you and your active lifestyle. It’s a sporty estate that meets your expectations of a dynamic drive with exceptional comfort and distinctive Scandinavian design – built with care for people and the world we share. And designed to be intuitive to use and to make life easier, the V60 is a pleasure to live with every day. At the heart of your V60 is a dynamic, efficient powertrain. Whichever you choose, you will enjoy our latest Drive-E technology that gives you responsive power. Fuel consumption and CO₂ emissions are kept low, and our powertrains already comply with future exhaust emission legislation.

Our Drive-E powertrain range includes advanced gas and Plug-in Hybrid engines mated to our smooth eight-speed Geartronic™ automatic transmission, available with responsive AWD technology or front wheel drive. And for the ultimate combination of performance and efficiency, there’s the smooth and powerful T8 e-AWD Plug-In Hybrid powertrain.
Make your choice, and enjoy the journey wherever it takes you.

T5 FWD
The 250 hp/258 lb-ft T5 gas powertrain is as responsive on the highway as in the city. This superb all-rounder delivers generous power just where you need it, ensuring excellent driveability in combination with our smooth 8-speed Geartronic™ automatic transmission.

T5 AWD Cross Country
This high-performance 250 hp/258 lb-ft gas powertrain provides excellent driving dynamics without compromising on efficiency. Combined supercharger/turbo technology, responsive all-wheel drive and our smooth 8-speed Geartronic™ put you in control of your drive.

T8 e-AWD Plug-In Hybrid Polestar Engineered
Our T8 e-AWD Plug-In Hybrid Polestar Engineered powertrain delivers an exhilarating drive with uncompromised efficiency. Combining a high-performance gas engine and an electric motor, this 415 hp/494 lb-ft powertrain allows outstanding highway performance and zero emission commuting – with all-wheel drive capability when needed.
CREATE THE SWEDISH DYNAMIC ESTATE OF YOUR CHOICE

Our approach in everything we do is to always put people first. This also includes allowing you the freedom to create a Volvo that matches your style and fits perfectly into your life.

To ensure you get your new V60 exactly as personal as you want it, you have several different design expressions to choose from – each with a distinctive style and character: the luxurious V60 Inscription, the sporty V60 R-Design, the premium V60 Momentum and the adventurous V60 Cross Country. Or for truly advanced performance: the astonishing V60 T8 Polestar Engineered.

Whatever you prefer, you can rest assured there’s a Volvo V60 for you. Read on, and see what your new V60 will look like.

FOR A COMPLETE EQUIPMENT LIST, PLEASE VISIT VOLVOCARS.COM/US
The Volvo V60 Momentum embodies the essence of contemporary Scandinavian design. Unique black exterior design cues together with the 18” Alloy Wheels add to the car’s dynamic road presence, while the dual stainless steel tailpipes add a stylish finish.

On the inside, aluminum tread plates welcome you every time you enter the cabin of your V60 Momentum. You can enjoy the control provided by our 12.3” Digital Driver Display and Sensus Connect with enhanced connectivity – such as the intuitive operation of our 9” Sensus Touchscreen and voice control. Volvo On Call connects your car with your smartphone and gives you access to a wide range of smart services, while everybody on board will appreciate the clear sound reproduction of our High Performance audio system including Bluetooth® music streaming. And for a truly high-level sound experience, there’s the option of Harman/Kardon® Premium Sound with 14 hi-fi speakers including an air-ventilated subwoofer.

Our 2-zone climate system ensures you and your passengers can enjoy a comfortable cabin climate in all temperatures – the driver and front seat passenger can adjust the temperature to suit individual preferences. As driver you will enjoy the feel of a leather-clad steering wheel with Silk Metal inlays, a leather-clad gear selector and ergonomic front seats with power adjustable 2-way lumbar support for your long-distance comfort. The seats are upholstered in sporty leather upholstery. Textile floor mats and Iron Ore aluminum decor further complement the interior ambience. And when it’s dark, the interior illumination enhances the premium feeling inside your Volvo V60 Momentum.
The wide range of exterior colors and wheels allows you to create a Volvo estate that’s really you. Sporty, elegant Alloy Wheels in Silver finish come standard, and to further enhance the appearance of your V60 Momentum you have the option of larger 19” wheels. The exterior color you choose has a dramatic impact on the personality of your V60 Momentum. Available in different variations, each color imbues your Volvo with a sense of dynamic elegance. Inspired by clean and open nature, our new metallic colors Birch Light and Pebble Grey, add a distinctive Scandinavian touch to your V60 Momentum.
R-DESIGN
INSPIRED BY SPORT

If you love to drive, the Volvo V60 R-Design is for you. With athletic styling and precise control, R-Design captures the thrill of a sporty driving experience. A wealth of distinctive design details raises the sporty soul of your Volvo and gives it an even more powerful road presence. It’s an expression that catches the eye from every angle and hints at the promise of an amazing drive, every time. And you can rest assured that the V60 R-Design will deliver. Surrounded by meticulously crafted and expressive interior design details, you can feel it right from the moment you take your position in the sculpted R-Design driver seat. Everything – from the R-Design steering wheel with gearshift paddles to the Charcoal headliner – is there to inspire and support your driving. And for an even more energetic, road-hugging drive, the V60 R-Design benefits from a lowered sport chassis.

V60 R-DESIGN
Includes V60 Momentum features plus:

Exterior:
- 18" Alloy Wheels | Integrated double tailpipes | High gloss black décor side windows | Charcoal headliner | High gloss black mirror foot | Door mirror caps in glossy black | Unique R-Design Front Fascia with High Gloss Black Grille | Unique R-Design Rear Diffuser

Interior:

Sensus:
- 9" Sensus Touchscreen | Drive mode settings | Sensus Navigation | Smartphone Integration with Apple CarPlay® and Android Auto®

FOR A COMPLETE EQUIPMENT LIST, PLEASE VISIT VOLVOCARS.COM/US
R-Design is Volvo in smart designer sports gear – it’s all about a performance-inspired look and feel, both inside and out. It’s a truly sporty expression with athletic exterior design cues, such as its own distinctive grille in glossy black with Silk Metal frame and glossy black design details such as the lower grille, window trim and door mirror caps – perfectly complementing the unique Matte Black R-Design 18" Alloy Wheels in striking Diamond Cut design. Our signature headlights with LED illumination provide excellent vision and a distinctive attitude on the road. And at the rear, prominent dual tailpipes and a glossy black rear lower insert provide a powerful finish.

On the inside, the R-Design tread plates in Silk Metal finish greet you on-board. The contemporary sporty theme continues with Metal Mesh aluminum decor, aluminum sport pedals, R-Design textile mats, Charcoal headlining and sculpted R-Design Contour seats with a unique Fine Nappa Leather/Open Grid Textile upholstery. Together, these features give the cabin a technical, cockpit-like feel. R-Design logotypes in the headrests, contrast stitching in the seats and the gear selector and the R-Design Leather steering wheel all reinforce the sporty yet elegant ambience. The adjustable front seat cushion extensions further enhance your thigh support for improved comfort during long drives. And when it’s dark, our mid-level interior illumination enhances the ambience inside your V60 R-Design. Further adding to your sense of being in control, the R-Design also provides you with our 12.3” Digital Driver Display and the steering-wheel mounted gearshift paddles that enhance your control by allowing quicker manual shifts. Conveniently positioned in the tunnel console between the front seats, there’s also a drive mode control that allows you to shift between four driving modes – Comfort, Dynamic, Eco and Individual mode.

Behind the R-Design sport steering wheel in Leather, you can enjoy the dynamic response and feedback from a finely tuned sport chassis. Lower and firmer, this chassis features stiffer springs and shock absorbers for sportier handling and less roll when cornering.
The Volvo V60 R-Design expression catches the sporty soul of your Swedish dynamic sedan, with a glossy black color theme including distinctive exterior design details such as the side window trim and the outer door mirrors. The exterior colors are carefully selected to match the car’s dynamic character, each with its unique expression – such as the sporty Fusion Red Metallic, the cool Crystal White Pearl or simply Black Stone for a powerful, monochromatic expression. The 19” 5-Triple Spoke Matte Black Diamond Cut Alloy Wheels give your V60 R-Design a superior road presence that put your Volvo in a class of its own.

Inside your Volvo V60 R-Design, you can enjoy a sporty and driver-focused Charcoal interior made of high-class materials. The sculpted R-Design Contour seats with adjustable seat cushion extensions will provide relaxed support through any twists that the road has in store. Available in monochromatic Charcoal, the exclusive Fine Nappa Leather/Open Grid Textile with contrasting stitching provides a sporty yet sophisticated feel. A dynamic yet stylish sensation further enhanced by the decor in Metal Mesh aluminum that perfectly complement the Charcoal or Slate interior.

INSCRIPTION CONTEMPORARY LUXURY

We created the luxurious Volvo V60 Inscription to meet your expectations of contemporary Swedish luxury. It’s a highly personal expression that evokes a strong sense of dynamic refinement. Each detail is carefully selected to give you and your passengers a stylish and invigorating experience.

Sophisticated exterior design cues enhance the luxurious look and feel of the V60 Inscription. Its distinctive chrome-finish grille, bright decor side window trim and 18" 10-Multi Spoke Black Diamond Cut Alloy Wheels correspond with the car’s dynamic and elegant Scandinavian design.

The Inscription experience continues on the inside, where a meticulously crafted interior with leather seats, genuine Driftwood decor and an optional tailored dashboard gives you ample room for a relaxed driving experience.

The Volvo V60 Inscription epitomizes our proud heritage of human-centric design. And when it comes to intelligent luxury imbued with distinctive style and fresh thinking, the V60 Inscription is in a class of its own — just like you.

V60 INSCRIPTION
Includes V60 Momentum features plus:

- Drive Mode Settings
- Smartphone Integration with Apple CarPlay® and Android Auto®
- Sensus Navigation

FOR A COMPLETE EQUIPMENT LIST, PLEASE VISIT VOLVOCARS.COM/US
1. The chrome finish front grille and bright side window trim add up to the luxurious appearance of the Volvo V60 Inscription. Here shown with dynamic yet elegant 19” 5-Multi Spoke Alloy Wheels (optional) in distinctive Black Diamond Cut design.

2. Dual integrated tailpipes and bright decor trim enhance the elegant and powerful impression from the rear.

3. The rear seat passengers can enjoy the comfort and convenience of a center armrest with integrated cup holders and storage.

4. The sculpted Comfort Seats with Fine Nappa Leather upholstery and adjustable seat cushion extensions, the Driftwood decor and the standard tailored dashboard provide a sensory experience of contemporary luxury. In the tunnel console, there’s a scroll wheel in diamond-patterned metal finish that allows you to select your preferred drive mode and steering characteristics (European specification shown).

5. The exclusive Driftwood decor in the dashboard and tunnel console resembles the look and feel of wood shaped by the natural force of water, wind and waves. Unique Driftwood decor, our most advanced interior ambience illumination and the tailored dashboard add to the exclusive Inscription experience. For you as driver, the large 12.3” Digital Driver Display and convenient drive mode settings in the console between the front seats add to your feeling of being in command. And to enhance your driving experience, our optional active chassis optimizes comfort and handling – select between four different chassis settings with the drive mode control.

6. For an even higher level of comfort, you can upgrade to our Fine Nappa Leather seats with ventilation and an optional massage function. And turning your Volvo V60Inscription into a concert hall, our optional high-end audio system Bowers & Wilkins© brings exceptional clarity and realism to your music, wherever you’re seated.
The V60 Inscription exterior with its design touches is a timeless expression of confident Scandinavian design. The exterior color palette allows you to create the V60 Inscription that best reflects your style and preferences. Sophisticated metallic colors such as Denim Blue, Pine Grey and Onyx Black add an extra touch of modern luxury. And available in distinctive Diamond Cut design, the 18" or 19" Alloy Wheels connect visually with the exterior design cues to enhance the car’s powerful yet elegant appearance.

POLESTAR ENGINEERED
PURE PERFORMANCE

We created the Volvo V60 T8 Polestar Engineered with one single-minded ambition – to give you the most precise and involving driving experience, period.

To achieve this, we joined forces with the engineers at Polestar – our exclusive electric performance car brand. Refinement, human centric innovation and world-class safety combined with Polestar’s applied performance expertise enable what we call advanced driving dynamics. This means we’ve fine-tuned and engineered each component to act as one for your driving enjoyment. Everything, from the even further enhanced powerful T8 e-AWD Plug-In Hybrid powertrain to the exclusive Polestar Engineered Öhlins chassis and the high-performance Polestar Engineered Brembo brakes, works together to optimize performance, handling and control. Combined with lightweight, Polestar Engineered Forged Wheels and distinctive styling, this will provide you with a high-precision driving experience that’s simply electrifying.

V60 POLESTAR ENGINEERED
Includes V60 R-Design trim level plus the following:

- Polestar Engineered 19" 5-Y Spoke Forged Wheels
- Polestar chassis with Öhlins dampers
- Polestar Engineered front strut bar
- Rear brake calipers in Öhlins gold color
- Heated steering wheel
- Painted high gloss black grille insert with horizontal mesh pattern
- Sport steering wheel
- Integrated double tailpipes in black chrome with Polestar Engineered emblem
- Polestar Engineered front Brembo brakes with calipers in Öhlins gold color
- Gear Shift paddles
- Crystal gear selector
- Sill moulding Volvo metal
- Polestar Engineered emblem, front and rear

FOR A COMPLETE EQUIPMENT LIST, PLEASE VISIT VOLVOCARS.COM/US
The Volvo V60 T8 Polestar Engineered takes the driving precision and performance of the V60 to a higher level. The Polestar optimized 415 hp combined T8 e-AWD Plug-in Hybrid powertrain with advanced technology and all-wheel drive gives you uncompromised power and efficiency. Together with the engineers at Polestar, we have upgraded the highly capable V60 chassis with adjustable springs by Polestar and high-end suspension technology by Öhlins — the renowned Swedish manufacturer of shock absorbers for performance and racing cars and motorcycles. This gives you precise and consistent handling characteristics at all speeds and while still providing supple ride comfort. And the Polestar Engineered Brembo brakes maximizes braking performance in all conditions.

Reducing the unsprung weight by up to 15%, the Polestar Engineered 19” 5-Y Spoke Forged Wheels contribute to responsive driving characteristics and excellent road holding. Milled out of a solid block of aluminum, these wheels are of an exclusive design normally found on high-end performance cars and race cars.

We created the Polestar Engineered Öhlins chassis to give you the perfect balance of agility, control and comfort. The advanced Öhlins shock absorbers work together with the Polestar Engineered front and rear springs that stiffen up the chassis and lower the ride height. This gives a somewhat firmer and more composed ride with less roll and more grip when cornering. And for stable and predictable handling, the technical layout of the T8 e-AWD Plug-in Hybrid powertrain adds to even weight distribution and a low center of gravity.

The Polestar Engineered Brembo brakes feature 6-piston brake calipers and 371mm ventilated and slotted floating discs at the front. They’re designed to maximize your control and braking performance with a minimum of fading, even during hard driving.

The advanced, handmade Öhlins shock absorbers deliver the perfect mix of agility and comfort. The unique Dual Flow Valve technology means the shock absorber can react more quickly, allowing the wheel and tire to regain road contact instantly after passing a bump or a pothole without losing traction. You can enjoy sporty handling and great control without compromising comfort.

The front suspension is further stabilized by a Polestar Engineered front bar. This contributes to even more precise, responsive steering characteristics at all speeds and more controlled handling through the curves.
1. The exterior of the Volvo V60 T8 Polestar Engineered subtly reveals the soul of a finely tuned, high-precision performance car.

Distinctive glossy black design details such as the grille with Silk Metal frame, side window trim and door mirror caps highlight the dynamic capacity of the V60 T8 Polestar Engineered. Unique Polestar Engineered 19” 5-Y Spoke Forged Wheels and visible, gold-colored Brembo brake calipers add an engineered, high-tech touch. And from the rear, the Polestar Engineered Exhaust pipes in black chrome connect visually with the wheels and glossy black design details for a distinct road presence.

2. The Polestar Engineered Exhaust pipes in stainless steel with black chrome finish give a powerful look from the rear.

3. Seat belts colored in gold, a subtle nudge to the unique chassis details of your Volvo V60 T8 Polestar Engineered.

4. Adding to the car’s excellent handling as well as its distinctive look, the Polestar Engineered 19” 5-Y Spoke Forged Wheels are in a unique light-weight design. The dynamic Charcoal interior of the V60 T8 Polestar Engineered with Contour seats in Fine Nappa Leather/Open Grid textile with adjustable seat cushion extensions keeps you firmly in place and provides excellent long-distance comfort. Behind the leather steering wheel, you can enjoy advanced handling that connects you with the road while the steering-wheel-mounted gearshift paddles allow intuitive manual gearshifts.

5. Inside the Charcoal interior of the Volvo V60 T8 Polestar Engineered, you can focus on driving surrounded by fine materials and excellent craftsmanship. You’re in control of every aspect of the drive, and can enjoy the car’s perfectly balanced performance. The deeply sculpted Contour seats in Fine Nappa Leather/Open Grid textile with adjustable seat cushion extensions keep you firmly in place and provides excellent long-distance comfort. Behind the leather steering wheel, you can enjoy advanced handling that connects you with the road while the steering-wheel-mounted gearshift paddles allow intuitive manual gearshifts.

VOLVO V60 CROSS COUNTRY.
READY FOR YOUR ADVENTURE.

The Volvo V60 Cross Country pushes the boundaries of what’s possible. Equally curious and courageous, go further and open up a world of new beginnings.

It’s a genuine Volvo Cross Country vehicle in every aspect, providing you with the capacity to confidently deal with any road or weather. All-wheel drive, increased ground clearance and an advanced chassis give you the control you need to keep moving when conditions get tough.

Unique exterior details and large wheels create a rugged yet stylish look that excels in the center of the city as well as in the middle of nowhere. And no matter what’s going on outside your car, the V60 Cross Country is a haven inside. The spacious cabin is made from the finest material and constructed with the care and attention provided by Swedish craftsmanship. So wherever your sense of adventure takes you, the Volvo V60 Cross Country is ready to get you there in style and comfort.

BUILD YOUR OWN VOLVO V60 CROSS COUNTRY AT VOLVOCARS.COM
IN COMMAND, EVERYWHERE.

To help you pursue your passions to the fullest, the advanced chassis of your Volvo V60 Cross Country puts you in command in all weathers and on all roads. High ground clearance (8.3") and large wheels give you access to more roads, and our all-wheel drive technology helps keep you going by instantly distributing the right amount of power to the wheels that need it most. This enhances driving stability on all road surfaces and makes it easier to drive in slippery conditions or when towing. Hill Descent Control is another feature that makes driving down steep or slippery roads as easy and safe as possible. And by selecting Off-road mode from the drive mode menu, you make the car easier to drive on difficult surfaces such as mud and loose gravel by and recalibrating the car’s powertrain so you have more control at slower speeds.

The chassis of the V60 Cross Country is designed to deliver all-road capability, agile handling and supreme comfort. High ground clearance, large wheels and all-wheel drive enhance your capacity to get through where others get stuck.
BE PREPARED.

Whatever gear you need to bring on your adventures, your V60 Cross Country has what it takes to make it happen. The load compartment gives you class-leading capacity, and the compartment’s clean, straightforward design makes it easy to utilize it to the fullest. If necessary, you conveniently fold one or both seat backrests at a touch of a button. Should you need to temporarily increase the load capacity of your V60 Cross Country, you’ll easily attach Volvo Cars’ load carriers, such as a roof box, on the car’s integrated roof rails. Or for even bigger challenges – the car’s all-wheel drive and highly capable chassis give the V60 Cross Country all the characteristics of an outstanding tow car, with a towing capacity of up to 2,000 lbs depending on powertrain.

By adding our foldable tow bar you conveniently turn your V60 Cross Country into a highly capable tow car. A push of a button, and the tow bar folds out and is easily put in position. And when not needed, it’s discreetly hidden under the rear bumper.
The Volvo V60 Cross Country is a car that’s elegant, tough and practical. Its large wheels and increased ground clearance give you confidence on any road, while wheel arch extensions and dark lower body parts add a rugged edge. On the inside, you can relax on your adventure in a meticulously crafted interior with excellent finish and detailing wherever you look. Leather seats with optional contrasting stitching and Iron Ore aluminum decor add to the car’s bold character.

Please Note: Some European specifications are shown.
GET READY

We designed the V60 to be your versatile partner, allowing you to do what you want to do. To make your Volvo estate work even harder for you, just add our load accessories. Designed to look good and work flawlessly, they will make life less complicated and help you bring the gear you need for your adventures. And with our user-friendly and stylish wall box, you’ll charge your V60 T8 Plug-In Hybrid Twin Engine easily and safely when you’re at home.
DESIGNED FOR YOUR LIFE

The V60 is about making every drive as enjoyable as possible. To enhance the experience for anyone who shares your ride, we’ve created specially designed accessories that cater to your passengers’ comfort and safety. For children up to 10 years, our booster seats combine comfort with state-of-the-art safety and are designed to fit perfectly into your Volvo. We apply the same stringent standards to accessories as we do to building our cars, so you know your children and pets are well protected.
POLESTAR OPTIMIZATIONS

Polestar engineers have taken a holistic approach to form a complete software solution that takes your driving to a new level. Five key functions have been optimized to provide faster response, better balance and more intuitive driving. This results in a car that responds quickly and predictably, which is important for those who engage in active driving, whether on the racetrack or on the road. This software upgrade is available through your local retailer upon request.

**Throttle Response**
Throttle response has been recalibrated to provide improved feedback and accelerator reaction – ideal for overtaking or during active driving on a winding road.

**Off-Throttle Response**
The engine and transmission have been calibrated to provide faster responses when the driver suddenly releases the throttle, providing improved predictability and control.

**Gearshift Speed**
Shift speed has been increased, allowing the car to accelerate faster and react more directly to driver input.

**Gearshift Precision and Gear Hold**
Shift points have been optimized to provide a more precise driving experience with faster acceleration. Gearshift points have been calibrated to utilize the optimized mid-range engine performance, while the gear hold function maintains the same gear when cornering with high lateral g-force.

**Engine Performance**
All Drive-E optimizations are made to provide greater performance in the engine’s mid-range powerband – perfect for the sporty driver when overtaking, joining a highway or exiting a corner.

READ MORE AT VOLVOCARS.COM/US
Volvo Overseas Delivery is a unique program that gives you an exciting opportunity to pick up your new Volvo from our state-of-the-art factory in Gothenburg, Sweden. But that’s just the beginning.

**YOUR TRIP INCLUDES:**
- A savings off of the US base MSRP, which varies by model
- Opportunity to personalize your new Volvo*
- Complete travel packages for Sweden and/or Europe via our travel concierge, who can help you personalize your adventure
- 2 round-trip airline tickets to Gothenburg, Sweden, via Premium Economy (including private transport upon arrival)
- One overnight stay at a first-class hotel (including dinner)
- Premium delivery at the Factory Delivery Center (including private transport and lunch)
- Guided factory tour
- A visit to the Volvo Museum and/or the Volvo Cars Brand Experience Center
- European car insurance (including Volvo Roadside Assistance and Global Warranty Coverage) for two weeks**
- Home shipment of your new Volvo

Your adventure begins in Volvo’s hometown of Gothenburg, located on Sweden’s scenic west coast. Here, you will pick up your new Volvo in person as it rolls out of the factory gate. You will then have the chance to explore the world of Volvo, where you will learn all about the unique culture that inspired the elements of your car.

**Please note:** Changes in the order of your day’s schedule may occur.

If you would like to know more about Overseas Delivery, contact your local Volvo Cars Retailer, the Customer Care Center at (800) 631-1667, or visit VOLVOCARS.COM/US/OSD

---

*Personalization is based on market requirements and specifications. All options / packages and accessories must be US Market-specific.

**Global Warranty coverage remains in effect until your vehicle returns to the States and is registered with Volvo US.
Service By Volvo

Taking care of you and your Volvo is our top priority. With a unique approach to service that’s personal, professional and efficient, we get you everything you need in the simplest way possible. To make your life less complicated.

Knowing your vehicle is always up to our highest standards for as long as you own it – that’s the driving force behind Service By Volvo. To help you get the most out of your Volvo, we’ll ensure each service or maintenance provides peak conditioning through our expert trained technicians, field-tested repair methods, and precision-engineered genuine parts. That’s because we focus on our promises to service your car and simplify your life.

OUR SERVICE BY VOLVO PROMISES

When you have your car serviced at an authorized Volvo dealer, we promise to provide you with a premium ownership experience for the life of your vehicle. Enjoy our Lifetime Parts and Labor Warranty,* so you pay only once, knowing your car is always up to our highest standards. Get technical software updates** and more. No sign-up required.

LEASING OPTIONS

FLEXIBLE TERMS

Leasing is available for terms as short as 24 months or up to 48 months. You can drive a new Volvo car every few years while getting the maximum value from the vehicle.

CHOICE OF MILEAGE PLANS

The standard mileage option allows up to 10,000 miles per year; however, several other mileage plans are available to tailor to your commuting needs. Under the low mileage plan options are available as low as 7,500 miles per year, and we also offer a high mileage plan with options as high as 25,000 miles per year.

SINGLE PAYMENT LEASE

A single payment lease provides convenience and savings. You make only one payment, one time, freeing you from monthly payments. Volvo Car Financial Services offers an optional plan to protect you and your leased vehicle. The additional security deposit is refunded to you at the end of the lease term.

MULTIPLE SECURITY DEPOSIT LEASE

A multiple security deposit lease allows you to prepay all monthly payments in a single payment at lease signing. This single lump sum payment includes the amount you would pay over the term of a conventional lease.

GUARANTEED AUTO PROTECTION (GAP)

If your leased vehicle is stolen or totalled due to a covered event, the amount you would owe to Volvo Car Financial Services is covered.

EXCESS WEAR AND USE PROTECTION PLAN **

As an option, we recommend a protection plan to cover any unexpected wear and tear on your car. This plan will cover any wear and tear that is not covered by your warranty.

SPECIAL PROGRAMS

COLLEGE GRADUATE PROGRAM

You’ve worked hard to earn your degree. Now the Volvo Graduate Program can make it easy for you to drive a Volvo car. With flexible and competitive financing options available for graduates, Volvo Car Financial Services can help you step into the luxury of driving a Volvo car with only a 5 percent down payment upon credit approval.

INTERNATIONAL STUDENT PROGRAM

The International Student Program is the easiest way to acquire a vehicle while studying in the U.S. on an F-1 Visa. Instead of purchasing a car outright, make one easy upfront payment and drive a brand new Volvo during your school term. After graduation, drop the car off at your local Volvo retailer. No hassle, you’ll only pay for the portion of the car you use. It’s as simple as that.

PERSONAL SHOPPER

The Volvo Personal Shopper is dedicated to providing you with a new car shopping experience that’s easy, upfront payment and drive a brand new Volvo. Instead of purchasing a car outright, make one easy upfront payment and drive a brand new Volvo. Instead of purchasing a car outright, make one easy upfront payment and drive a brand new Volvo.

FINANCE OPTIONS

Volvo Car Financial Services (VCFS) offers affordable and competitive financing on new and Volvo Certified Pre-Owned cars. Our low rates and flexible terms can get you behind the wheel of the Volvo you want to drive with finance terms up to 75 months. Volvo Car Financial Services also offers financing on vehicles purchased under the Overseas Delivery Program.

VOLVO ROADSIDE ASSISTANCE

Servicing your needs, keeping you safe and giving you a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your Volvo Roadside Assistance Information booklet. An authorized retailer must perform maintenance. Offer is transferable. Optional PrePaid Maintenance Plan upgrades are also available that will allow you to custom-fit coverage to meet your driving needs. See your Volvo retailer for details.

COMPLIMENTARY FACTORY SCHEDULED MAINTENANCE

Volvo Cars is committed to a premium ownership experience for the life of your vehicle. To further enhance your ownership experience, all 2018 model year Volvo Cars sold in the United States will include Complimentary Factory Scheduled Maintenance. This program provides scheduled maintenance coverage for the first three years or 36,000 miles, whichever occurs first, and is designed to complement your Volvo warranty, helping ensure trouble-free operation of your Volvo. Coverage includes factory-recommended maintenance including oil and filter changes, checks and adjustments as outlined in your Volvo New Car Warranty and Maintenance Records Information booklet, for the first three maintenance services at intervals of 10,000, 20,000 and 30,000 miles.

Each service must be performed within 1,000 miles before or after each scheduled interval. Coverage is limited to scheduled maintenance items and is for the 2018 model year warranty and Maintenance Records Information booklet. An authorized retailer must perform maintenance. Offer is transferable. Optional PrePaid Maintenance Plan upgrades are also available that will allow you to custom-fit coverage to meet your driving needs. See your Volvo retailer for details.

**Please note:** Some of the information in this brochure may be incorrect due to changes in product specifications that may have occurred since printing. Some of the equipment described or shown may not only be available at extra cost. Before ordering, please ask your Volvo Cars dealer for the latest information. The manufacturer reserves the right to make changes at any time and without notice to prices, colors, materials, specifications and models.
Welcome to Volvo Car Lifestyle Collection

Our Lifestyle Collection includes a wide range of lifestyle accessories – from Swedish crystal and crafted leather bags, to clothing, watches and more selected items. To view the complete collection, please visit volvocarcollectionus.com

Please note: Not all items are available in all markets. Visit us at volvocarcollectionus.com for the complete offer.

Take your music with you

These Harman/Kardon® Soho Wireless headphones combine sleek styling with exceptional sound quality. With Bluetooth® connectivity and a clever fold-flat design, they're perfect for enjoying your favorite music on the go.

Travel in style

Designed by Volvo Cars and made by Swedish leather goods brand Sandqvist, our weekend bag and the matching leather card holder and leather travel wallet allow stylish traveling. Available in black and leather travel wallet.

On Swedish time

Distinctive yet subtle, the first watch from Volvo Cars' design department – now available as part of the Volvo Car Lifestyle Collection – is an example of refined Scandinavian design.
